"WE EXPORT
QUALITY ALL OVER
THE WORLD"

About us

Ceha was founded in 1998 and since then has become a leading manufacturer of Metal Furniture for workplaces, our products are highly well-known and in demand worldwide, Ceha Canada is a division of the Ceha Group.

Ceha Canada recently opened an office and a showroom in the Greater Toronto area, customers can now visit the showroom and experience the quality and craftsmanship of the extensive range of products.

Our Environment Commitment

Environmental sustainability frameworks are a core value of the Ceha Group we continue to commit adopting management systems and best practices for constant improvement in our processes, which are entirely integrated with the ISO 9001 control system. We furthermore have invested in solar energy panels producing renewable energy for our production factory, as part of the strategy for protecting our environment. Most of the products are TÜV. GS and GREENGUARD certified for continuous quality improvement.

Building Quality and Trust

Ceha's state-of-the-art advanced facilities, 1.2 million sq. ft. closed production are based in Kayseri - Turkey, with a proud workforce of 1,100 employees' men and women bringing together more than 25 years of hard-earned expertise, proprietary practice and innovation. The expert team players are proficient and constantly provide best-in-class solutions for our client satisfaction.

We Care

Customer satisfaction is at the heart of the organization. We ensure the quality of the product collections are offered to demonstrate the highest standards, to set us apart from the competition.
